Title (description) Modify requirement for electronic disk delivery to GSFC				
Documents Affected CDRD		Source Nos (RID, NCR, etc.) or Tech Reference		
RTM Change <input type="checkbox"/> Start New Baseline <input type="checkbox"/>				
Problem CDRD currently requires DMO to deliver electronic media of (almost) all CDRLs with the intention that GSFC would (sometime in the future) devise and maintain an electronic library via Interleaf's Wordpress and Worldview. This requirement is OBE by Internet. ECS DMO has taken on responsibility for processing and posting documents to EDHS.				
Proposed Solution Modify Section 3.4 paragraph 2 to remove requirement except upon request. This exception covers an ongoing requirement to provide GSFC CM with electronic master files of all documents destined for ESDIS CCB.
